

**Dear Section Member!**

Please be informed that **as of November 14, 2011** the Budapest Stock Exchange is to introduce a **new release** of **MMTS I Trader Workplace (TW)**.

The version number of the new **MMTS I TW** software release valid as of November 14, 2011 is:  
**BSE\_TW\_3.2.42.20**

MMTS II TW (derivative) software and K2 software shall not be changed by this release.

Please note that the new version referred to can be used as of November 4, 2011, however installation of the new software is compulsory as of November 14, 2011. On that day BSE will invalidate the version currently in use.

Changes implemented in this release

There are no changes in MMTS I TW from functional point of view, only the communication between the TW and the central system has been optimized.

On November 4, 2011 the new version installation kit of the MMTS I TW software is made available on the BSE site ([www.bse.hu](http://www.bse.hu)), under Members/Technical Information (requires member login).

Should you need further technical details on the TW installation, questions can be directed to Mr. Viktor VARGA (phone: 36/1/429-6775, mail: [vargav@bse.hu](mailto:vargav@bse.hu)), for functional issues pls. clarify with Mr. Balázs SZÁNTÓ (36/1/429-6787, mail: [szantob@bse.hu](mailto:szantob@bse.hu)) or Mr. Miklós KROPF (36/1/429-6727)

Budapest, November 3, 2011

**Budapest Stock Exchange**
